

The Saskatchewan Ford Mercury Club was founded in 1993. The club (SFMC) is a non-profit organization consisting of approximately 100 members who have a common interest in the enjoyment of owning a Ford Motor Company vehicle. This encompasses antique, classic and late model cars and trucks.

Our goals are:

1. To enjoy, restore, preserve, and promote the nostalgia of the automobile.
2. To organize "open to all makes and models" car shows in which all vehicle enthusiasts can participate for the enjoyment of the general public.
3. To provide a forum where members can support each other with technical assistance, "how to" procedures, and part sourcing in the restoration of their Ford Motor Company vehicles.
4. To enjoy the camaraderie of individuals who have a like passion for vehicles.

In addition to these "core" goals, the Club, in a spirit of contribution, reaches out to our community in the following ways:

1. The members have chosen to support Breakthrough T1D (formerly JDRF). Annually, profits from all car shows held are donated to this organization.
2. Organizing 'Wheelin of Wednesday' a weekly free event held between May and September at the Avonhurst Drive and Albert Street A&W.

An added benefit of membership is a 10% - 20% discount members receive from a growing number of automotive related business sponsors in Regina.

The Club holds three car shows annually in the months of June, July and August.

All of the club's car shows are at the A&W Avonhurst and Albert St. location and run from 11:00 am to 3:00 pm. Each show includes a generous number of door prizes available for registered vehicles. Club members receive a \$5.00 discount at each car show registration.

Yearly membership fees for the club are \$30.00. For more information see the website at www.saskfordmerc.ca

Mail completed lower portion with \$30.00 to 440 Charlton Place, Regina, SK S4Y1A1 Please make cheques out to Sask Ford Mercury Club. Alternatively, email below information and e-transfer to jim.leskun@sasktel.net
